# WHO ARE WE?

**Mumbai Roti Bank** is a non-profit, food rescue organization that bridges the gap between hunger and excess food.

The way our NGO functions is simple. We pick up excess food from weddings, events, hotels, cafeterias, housing societies and deliver it to thousands of hungry people daily.

Tie-ups + Partnerships

Our **partners**, just like us, are inspired by goal to rid India of **extreme hunger**.

We are currently tied-up with:

- **Several Multi-national corporations** for CSR
- Top **Hotel chains** and **Clubs** that support food rescue
- **Mumbai University** - affiliated colleges
- **NSS** networks throughout Mumbai
- Top **B-Schools** of Mumbai
- **Schools** across the city of Mumbai
- **10 vans** to carry out distribution

## B-Schools take a special interest in us!

Business School students often collaborate and work with us on numerous projects. This offers them a whole new perspective on business strategy, organizations and resource management .

Roti Bank, operationally, is unique. Our team is made up of the youth and we also operate on the lowest possible budget serving 365 days a year.

We have tie-ups with Durgadevi Saraf Institute of Management Studies, Fr. Conceicao Rodrigues College Of Engineering and various schools across Mumbai.

# Our Work During the Mumbai Marathon

With the help of more than 60 Volunteers from Fr. Conceicao Rodrigues College Of Engineering (Bandra), we collected more than **10 Thousand food packets** after the Marathon and redistributed it in **2020**.

Similarly, in **2019** we had collected and distributed **19,000 food packets** after the Mumbai Marathon

We collected the surplus Bananas, Cakes, Khakras (Snack) and buttermilk that was left after the TATA Mumbai Marathon and distributed it to the children and the elderly resident of slums.

# The Work We Do and Our Growth

Within a span of 2 years, Mumbai Roti Bank has organized **10 lakh+** meals

The hunger crisis is pretty simple: On one hand there's a surplus, while on the other, extreme deficiency.

Bridging the two together in the past year, we have attempted to fight hunger and bring the excess food from privileged pockets to the underprivileged ones, serving around 1 million meals in the process.
